

This is the order in which the papers were presented at the Workshop. The numbers i refer to the names for the corresponding pdf file: `paper_i.pdf`.

Table of Contents

Balancing the Formal and Informal in Safety Case Arguments	9
<i>Tim Kelly and Ibrahim Habli</i>	
Quantification of Verification Progress	2
<i>Stephan Arlt, John Murray, Philipp Ruemmer and Martin Schäf</i>	
Introducing Semi-Formal Specifications into a Distributed Development Process	5
<i>Hardi Hungar and Michael Meyer Zu Hörste</i>	
Witnessing an SSA Transformation	7
<i>Kedar Namjoshi</i>	
Human-Computer Interaction and the Formal Certification and Assurance of Medical Devices: The CHI+MED Project	4
<i>Paul Curzon, Paolo Masci, Patrick Oladimeji, Rimvydas Rukšėnas, Harold Thimbleby and Enrico D'Urso</i>	
Implicit Assumptions in a Model for Separation Kernels	3
<i>Freek Verbeek, Julien Schmaltz, Sergey Tverdyshev, Holger Blasum and Oto Havle</i>	
Assurance and Verification of Security Properties	8
<i>Constance Heitmeyer</i>	
A Graphical Notation for Probabilistic Specifications	1
<i>Sebastian Nielebock, Tim Gonschorek and Frank Ortmeier</i>	
Assurance of Some System Reliability Characteristics in Formal Design Verification	6
<i>Sergey Frenkel</i>
